Healthcare Council's Fall Member Conference

Healthcare Council’s Fall Member Conference, known as the region’s largest gathering of healthcare leaders, will be held on September 28, 2018 at the Pittsburgh Marriott North.

Known for his interactive and thought-provoking presentations, Dr. Bottles understands the rapidly changing healthcare environment and the perspectives of physicians, health care professionals, health plans and hospital administrators.

Dr. Bottles will provide an overview of hospital and physician relationships with an eye towards the future of healthcare delivery and the role of hospitals, physicians and other providers.

He served as president of a major healthcare organization in Minnesota, and was vice president and chief medical officer of a $2 billion health care organization with 23 hospitals. He also served as president and chief executive officer of a large education and research organization in Michigan.

Dr. Bottles facilitates medical and hospital system board retreats centered on physician integration and engagement in evidence-based medicine and quality initiatives. He is a member of several professional organizations including the American College of Physician Executives. He holds a doctorate of Medicine from Case Western Reserve University in Cleveland, Ohio, and a Bachelor of Arts degree from the University of California at Berkeley.
The Conference will begin with a breakfast for chief executive officers (by invitation only), followed by the general conference, including the keynote address. The Conference concludes with a networking lunch for all participants. There will also be time for members to network with Healthcare Council's corporate and conference sponsors.

As in the past, due to the generosity of Healthcare Council's sponsors, there is no charge for members to participate in the annual Fall Member Conference. Additional speakers and more information on the Conference will be available in the near future. For more information contact Pat Raffaele.

Third Quarter Flash Survey Released

Healthcare Council recently released its Flash Survey covering the third quarter of Fiscal Year 2018. The survey includes the 9 months ending March 31, 2017 and March 31, 2018, and represents data from 61 hospitals in western Pennsylvania.

The report reflects many of the same issues as in recent years. Of the hospitals reporting data, 27 hospitals, or 44 percent, experienced a loss from operations. The report also reflects a reduction in surgery cases and emergency room visits over the prior year. The report also shows that average operation margins remained relatively consistent at 3.84 percent.
